24th May 2006

Dear Parents/Carers,

Following a request from students at School Council, we have recently installed bicycle racks. As a healthy school we encourage all our students to be involved in physical activity and are very pleased that so many students are willing to cycle to school.

However student safety and security of property are a priority and so

- All students cycling to school must wear a **safety helmet**
- Students must cycle **alone** and not carry any passengers on their bicycles
- All students must secure their bicycles with a **lock**
- Students must cycle with due **care** to motorists & pedestrians
- Students should **dismount** as they enter the school site
- Finally, students should exercise **great care** when entering or leaving the school site, taking care to look safely left & then right before crossing the road.

I trust that as parents/carers you will help to reinforce basic road safety principles with your children whilst encouraging them to cycle.

Thank you,
Yours sincerely,

Mrs. M. Lowe
Healthy Schools Co-Ordinator
